WATER SERVICE INTERRUPTION NOTICE

Water Service Shut-Off Scheduled for Monday, Oct. 7, 9 a.m.–5 p.m.

As part of the St. Croix Crossing roadway project, a water service interruption is tentatively scheduled for **Monday, Oct. 7, 2013**, weather permitting.

- **Water service will be shut off at 9 a.m.** to allow the contractor to work on the water distribution system.
- **It is anticipated that your water service will be restored by 5 p.m.**
- It is predicted that the majority of residences in the area will experience a water service interruption;
- however, some may not be affected. We recommend that you plan on a disruption in your water service.
- Addresses included in this water service interruption are 6401, 6403, 6405, 6407, 6409, 6411, 6413 and 6375 St. Croix Trail N.
- If weather conditions are not suitable, notification of an alternate date will be provided.

We will work diligently to restore your water service as soon as possible.

All parties involved are conscious of the inconvenience that interrupted water service causes and thank you for your patience throughout the construction activities.

If you have questions or comments regarding water service interruption please contact:

Andy Kegley
City of Oak Park Heights
Director of Public Works
Mobile: 651.775.5759

St. Croix Crossing Project Update

Road closure near tennis court to begin Oct. 7

The road on the north end of the Sunnyside complex adjacent to the tennis courts will close Monday, Oct. 7, while crews conduct water main work for approximately 3-4 weeks. Crews will begin work on the grassy area near the road on Friday, Oct. 4.

This work will restrict access to/from the west parking lot from the north end. **See map below.**

Residents who use the parking lot on the west side of the complex will need to modify their route to/from the north entrance off of Highway 95.

During this work, the south entrance may be more convenient than the north entrance; however, both will remain open from Highway 95.

Residents will see increased construction vehicles using the north entrance and around the north end of the complex. Residents may also experience some noise disruptions related to this work.

Typical work hours are anticipated to occur Monday-Saturday from 7 a.m. to dusk; however, future activities may include some overnight work. A notice will be provided to residents before any overnight work occurs.

Thank you for your patience and cooperation. We will continue to provide updates as work progresses.
